

*Meyer Family
"Sertoma's Future"*

Special spotlight this month regarding St. Louis and the future of Sertoma in the community. I'm happy to report that with membership on the decline throughout the organization, individuals such as the Meyer family are standing and being counted.

Steve, Beth and their son Kyle, represent the next two generations of Sertomans and bring not only a high code of ethics and morals, but also fresh and individual talents to the Club. Steve is a graduate of St. Mary's High School, Beth a graduate of Mehlville High, and son Kyle, present honor student at St. Mary's High. Steve and Beth are also blessed with younger son Kody and daughter Kasey. As young parents, they still find time on their very busy schedule to volunteer their time for the betterment of their community. The Meyers, 'Sertoma's' future civic leaders. Both Steve and Beth are currently serving on the board of directors for the Club as well.

Congratulations Steve and Beth with our many thanks !
